**United Way of
St. Lucie & Okeechobee**

WHO WE ARE

United Way was established in 1887 in Denver, CO, by a woman, a priest, two ministers and a rabbi. Since then, the organization has mobilized more than 2.6 million volunteers and raised \$4.8 billion across 1,800 local United Ways in 40 countries and territories, ranking United Way as the world's largest privately funded nonprofit organization.

Each local United Way focuses on the issues that matter most in that community, with resources and global experiences from United Way Worldwide for support. United Way of St. Lucie & Okeechobee has served St. Lucie County for close to 60 years and recently expanded into Okeechobee County. We focus on four impact areas: basic needs, education, financial stability and health. We fund outcome-driven programs and serve as the backbone for initiatives that bring organizations together to solve complex social issues that no one organization can solve alone. In 2019, the Chronicle of Philanthropy voted United Way as America's favorite philanthropy, yet again.

LIVE UNITED®

"A lot of my students are unable to get the supplies for themselves...thanks to the Tools for Schools St. Lucie program, they don't have to stress over whether they have the tools they need to do their job every day"

Shared by a teacher participating in the Tools for Schools St. Lucie Program
The program serves the needs of children in St. Lucie County public schools by providing donated school supplies FREE to teachers.
